

President's Report w/e March 18th 2016

On Tuesday Night , on behalf of the Club, I went along to Wollongong Rotary Club's Monthly working bee at the Mt Keira Summit Park. Along with members of the public who came along , we also heard an update from Club President Michael Hough on the plans for the Summit, and the road ahead(and roadblocks!!) in trying to achieve these ambitious goals to really make the location an even greater attraction for visitors . If you haven't been to Mt Keira for some time -the views are spectacular !!

This Friday is a Club Assembly, and apart from enjoying each other's company ,please feel free to bring up any matters of interest .

Rod Oxley from Wollongong Rotary will also be coming along to briefly talk about Wings over Illawarra on April 30-May 1st and solicit assistance from Sunrise members who may be able to help man the ice cream-soft drink caravan over the 2 days.

See you all Friday morning .
