His book 'The Chronicles of Anjou' is an epic tale of the Archer (an ex-Templar Crusader Knight) and the Monk (very usefully a scholar, engineer & physician) & their adventures over a 20 year pilgrimage. Both these talented gentlemen were in the employ of Count Geoffrey of Anjou who was also known as Geoffrey Plantagenet.

Gregory's first book of the series ' To the Lands of Languadoc, France & Iberia' is indeed available on Kindle/ Amazon & he's to be congratulated on his well researched historical adventure novel. Indeed next time you are in the beautiful French city of Le Mans spare some time to visit Saint-Julian's cathedral & perhaps also the tomb of Count Geoffrey of Anjou.
